Price List w.e.f 1st July 2011

Home Lighting Systems

Model	Solar Panel	60 LED Strip	Price	
KL127S Kit contains: Solar panel - 8w x 1nos 60 LED light strips x 1 nos Battery - Exide - 12V 7Ah x 1nos	8W	1	Rs.4500/- Including Door Delivery Charges	
KL127D Kit contains: Solar panel - 12w x 1nos 60 LED light strips x 1 nos Battery - Exide - 12V 7Ah x 1nos	12W	1 BEST FOR EVERY PLACE	Rs.5500/- Including Door Delivery Charges	
KL127D2 Kit contains: Solar panel - 12w x 1nos 60 LED light strips x 2 nos Battery - Exide - 12V 7Ah x 1nos	12W	2	Rs.6500/- Including Door Delivery Charges	

Compound Lighting Systems

KL127C1 Kit contains: Solar panel - 12w x 1nos 60 LED light strips x 1 nos Battery - Exide - 12V 7Ah x 1nos	12W	1	Rs.5750/- Including Door Delivery Charges		
KL127C2 Kit contains: Solar panel - 24w one or 12w x 2nos 60 LED light strips x 2 nos Battery - Exide - 12V 7Ah x 2nos	24W	2	Rs.9750/- Including Door Delivery Charges		

Automatic Lights On Device

Once properly setup, this device will switches on the light during evening and switches off the connected light by morning., automatically. Self power consumption is less then 5milli amps. AC and DC units are available

Suitable in every place.

Rs.650/-

Solar Inverters Features

Efficiency >85%
 Short charging time.
 Long battery backup
 Zero drop solar charger (10-40)Amp.
 Auto switchover between solar and main charging.
 Simultaneous charging through mains as well as solar panel.

Pure Sine Wave
400 VA
 DSP Based HUPS
Rs. 4250/-

We can provide from 100VA/200VA/300VA/400VA /
 600VA/800VA/1000VA/1500VA/2000VA/2500VA/3000VA

Solar Lantern

Solar LED Lantern Heavy Duty-18 Hi-Bright LED's 6 Hours
 AC&Solar Charging-MobilePin-4Watt Panel-German Q Cells

Price Rs.2500/-

Powered with 4W solar panel, ruggedly constructed
 Can be charged through wall socket. Provided with AC adaptor
 Fitted with 18 LED Hi Bright LED's for uniform 180 degrees light
 Mobiles can be charged with the mobile adaptor provided. Com
 Powered with 6V 4Ah battery for optimum carrying facility.

Solar Panels

Flexible solar panels from USA Rs.1800/-
 12Volts 4 Watt panels ready for any use

Technical specifications

- * 12 Volts 4Wp
- * Voc 25.00 V
- * Vmp 17.50 V
- * Isc 290m
- * Full power obtained at 23 degree south inclined noon-sun
- * Module dimensions 370 mm X 202 mm X 2 mm
- * Module weight 115 grams

Mono Crystalline / Poly Crystalline Solar Modules

6V 4W

- * 6 Volts 4Wp
- * Voc 10.80 V
- * Vmp 8.20 V
- * Isc 625mA
- * Full power obtained at 23 degree south inclined noon-sun
- * Module dimensions 395 mm X 200 mm X 34 mm
- * Module weight 800 grams

Price Rs.1100/-

Mono Crystalline / Poly Crystalline Solar Modules

12V 5W

- * 12 Volts 5Wp
- * Voc 21.60 V
- * Vmp 16.4 V
- * Isc 400mA
- * Full power obtained at 23 degree south inclined noon-sun
- * Module dimensions 395 mm X 390 mm X 20 mm
- * Module weight 700 grams

Price Rs.1350/-

Mono Crystalline / Poly Crystalline Solar Modules

12V 8W

- * 12 Volts 8Wp
- * Voc 21.60 V
- * Vmp 16.4 V
- * Isc 625mA
- * Full power obtained at 23 degree south inclined noon-sun
- * Module dimensions 340 mm X 340 mm X 34 mm
- * Module weight 1600 grams

Price Rs.2100/-

Mono Crystalline / Poly Crystalline Solar Modules

12V 12W

- * 12 Volts 12Wp
- * Voc 21.60 V
- * Vmp 16.4 V
- * Isc 938mA
- * Full power obtained at 23 degree south inclined noon-sun
- * Module dimensions 340 mm X 340 mm X 34 mm
- * Module weight 1600 grams

Price Rs.3100/-

All prices are inclusive of taxes and handling charges. Goods once sold will not be accepted back or exchanged. Goods will be sent to the nearest station where all standard courier service is available. Any breakages or damages should be claimed with the handlers. Warranty terms are as per individual component specifications. Please ask for further details before ordering. Prices are subject to change without notice. Models and their specifications are constantly updated. Hence confirm for any details you need before dispatch. Subjected to Vijayawada jurisdiction. Terms and conditions apply.
