

Kumar Solar Power Systems Model No: KPS 400
DSP Sine Wave Home UPS (Uninterrupted power supply) - Dual mode charge controller - Solar and Grid Automatic Changing and Charging

Kumar Solar Power Systems Model No: KPS 800

DSP – IGBT- Hi-Frequency Sine Wave Home UPS (Uninterrupted power supply) - Duel mode charge controller - Solar and Grid Automatic Changing and Charging

Kumar Solar Power Systems Model No: KPS 1400

DSP – IGBT- Hi-Frequency Sine Wave Home UPS (Uninterrupted power supply) - Duel mode charge controller - Solar and Grid Automatic Changing and Charging

Solar DSP Sine Wave 1500VA Inverter 24V 40A Rating

Solar and Grid Automatic Changing and Charging

Solar DSP Sine Wave 1500VA Inverter

Solar and Grid Automatic Changing and Charging

www.srisms.com 9247110759 / 9014110759

Other than a sine wave inverter do not use any other type of inverters like modified sine wave, modified square wave for household devices as they can get permanently damaged. They are useful only where an adapter or an SMPS circuit is available.

Solar powered power systems for use in homes, offices, industries, hospitals, temples, churches, mosques, shops with long life and maintenance free.

We also have solar laptop chargers of various capacities

Please inform us the correct devices you want to run so that we can suggest you the correct rating of the inverter - since no exchange is possible.

FEATURES LIST OF SOLAR DSP SINE WAVE HOME U.P.S. 100VA/200VA/300VA/400VA / 600VA/800VA/1000VA/1500VA/2000VA/2500VA/3000VA

- 1- DSP based; less components, small size less electricity bill more efficiency
- 2- Soft start features; protects appliances at startup.
- 3- Supply the highest quality pure sine wave power; protects your expensive household appliance and sensitive office equipments.
- 4- Highly cost effective design.
- 5- Easy to operate.
- 6- Low maintenance cost.

- 7 Over load and D.C. low protection.
- 8- Software controlled Auto self testing.
- 9 Fully computer friendly UPS operation.
- 10- Intelligent Auto sense; continuously monitors health of system.
- 11- AC Input low and high voltage cut off protections in both, inverter and U.P.S. modes.
- 12- Constant voltage/Constant current pulse charging with wide Input range (130-280) V. (Charging current-10Ampr)
- 13- Silent operation of fans, tube light or appliances.
- 14- Quick change over from Mains to inverter mode.
- 15- Software controlled Auto reset feature for over load, short ckt and low battery
- 16- Special charging algorithm to enhance battery life.
- 17- Fully protected against short circuit of AC mains with output.
- 18- Phase to phase short circuit protection.
- 19- Very low no load current for prolonged battery operation under standby.
- 20- Crystal controlled operation.
- 21- Cooling fan improves reliability of system.
- 22- Secure operation; No tension for night charging.
- 23- Intelligent charging; adapts itself to low, high battery, more and less power cut areas, battery health conditions.
- 24- Can even charge 6.4 volt deep discharged battery.
- 25- Reverse battery protection (optional).
- 26- Generator compatible.
- 27- High efficiency; better than 85%.

SOLAR FEATURES

- 1-Auto switchover between solar and main charging.
- 2-Zero drop solar charger (10-40)Amp.
- 3-Simultaneous charging through mains as well as solar panel.
- 4-Short charging time.
- 5-Long battery backup.

These solar generators, solar power systems which use solar inverters are a combination of solar charge controller and an high efficiency inverter. www.srisms.com provides best combinations of these for your use with unmatched service and an easy online purchase.

To purchase on line these solar inverters with your credit card [Click here](#): or follow the link:

Please inform us the correct devices you want to run so that we can suggest you the correct rating of the inverter - since no exchange is possible.

These are the best modules for all homes, offices, shops, industries, community centers, village Panchayat, mobile canvassing, emergencies, public addressing etc. Our solar power systems kits are useful for hospitals, operation theaters, surgical homes, passage ways, path ways, dispensaries, nursing homes, hotels, lodgings, rest houses, inns, boarding rooms, waiting rooms, traveling, camping, medical camps, outing, caravans, homes, hostels, primary schools, colleges, universities, cafes, medical shops, industrial sheds, watchman house, watchman sheds, watchman cabins, security cabins, homes, houses, farm houses, apartments, huts, sheds, pharmaceutical companies, machinery industries, cloth and hosiery making installations, food and milk units, cattle sheds, poultry sheds, animal husbandry, fish and prawn ponds / culture, coastal areas, hill top areas, path ways, temples, church, mosque, gurudwaras, meditational areas, prayer halls, marriage halls, reception counters, arrival and departure terminals in bus stops, stations, ticket counters, reservation counters, parcel offices, commercial offices, godowns, basements, underground lighting, swimming pool lighting, indoor lighting, outdoor lighting, field lighting, agriculture lighting, farming, parking areas, cellars, gas stations, petrol bunks, rain shelters, bus shelters, cyclone shelters, anicut and bund lighting, street lighting, corridor lighting, tunnel lighting, agriculture lighting, signage, billboard lighting, wall washers, advertisement lighting, parking bays, balcony lighting, play ground lighting, high mast lighting, flood lighting, emergency exits, emergency lighting, etc

Prices list of High efficiency solar inverters are as follows:

DSP Sine wave 400VA- 12V 20Amp 4,750.00

DSP Sine wave 800VA- 12V 40Amp 6,750.00

DSP Sine wave1000VA- 24V 40Amp 11,500.00

DSP Sine wave1400VA- 24V 40Amp 12,500.00

DSP Sine wave2000VA- 36V 40Amp 23,500.00

DSP Sine wave2500VA- 48V 40Amp 25,000.00

DSP Sine wave3000VA- 48V 40Amp 25,750.00

Our other products: All available on DIY kit form. Can be fixed easily in minutes.

Solar Light Systems for homes, hostels, hospitals etc for indoor use.

Solar compound lights / mini street lights / balcony lights etc

E & O.E
